Author's Note, Part 3 Continued from Part 2

Kagura. I'm sorry I didn't mean to put down old folks' homes, I was just trying to suggest that the old man craved the love of his family I guess I didn't make that clear enough. My apologies.

Q I'm a nursery school teacher in chapters 29 30 (included in this volume) the teacher scolds Minoru. No nursery school teacher would scold a child without finding out the reason behind his actions, or lay the blame on one child without getting the facts. I'm very disappointed

Kagura: Well Please forgive me. That's probably true in the real world, but this is a manga, and there's the flow of the story to consider and. Oh but that's just an excuse! I know that nursery school teachers are very kind.

And finally..

Q Will Takuya and the others ever grow older?

[illegible] make that clear. Since the title is *Baby and Me*, I intend to keep them just the way they are There's really not much choice -- if they got older it wouldn't be Baby and Me anymore.

End of my excuses.
